NASA to Host Virtual Briefing on February Perseverance Mars Rover Landing

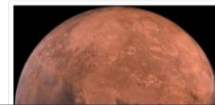

NASA leadership and members of the mission will discuss the agency's latest rover, which touches down on the Red Planet on Feb. 18.

Fun Facts to Know and Tell

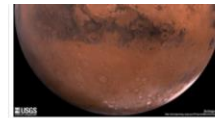

| 0 | 1 |
|-----------------------|--|
| 0Equatorial Diameter: | 6,792 km |
| 1Polar Diameter: | 6,752 km |
| 2Mass: | 6.39×10^{23} kg (0.11 Earths) |
| 3Moons: | 2 (Phobos & Deimos) |

| | |
|-----------------------|--------------------------|
| 4Orbit Distance: | 227,943,824 km (1.38 AU) |
| 5Orbit Period: | 687 days (1.9 years) |
| 6Surface Temperature: | -87 to -5 °C |
| 7First Record: | 2nd millennium BC |
| 8Recorded By: | Egyptian astronomers |
